Logistea AB (publ) has today closed the previously announced acquisition of the properties Nättraby 23:73 and Nättraby 23:76, located in Karlskrona Municipality, Sweden (collectively the "Property"). The Property has an underlying agreed property value of SEK 216 million before deductions of SEK 13 million, including deductions for deferred tax. NKT is the largest tenant in the Property, which has a leasable area of approximately 19,000 square meters and an annual rental income of approximately SEK 16.9 million. The average remaining lease term is approximately 5.5 years.

Logistea is expanding its property portfolio and has today closed the acquisition of the Property in Karlskrona Municipality through the acquisition of the property-owning company. Closing was subject to customary regulatory approval from ISP, which was obtained in mid-March 2026.

The Property has a total leasable area of approximately 19,000 square meters and is leased to NKT, Se-Lo, the National Maritime Museum and a number of smaller tenants. NKT accounts for about half of the rental value and a new test hall for NKT has recently been completed on the Property. The Property houses industrial and warehouse buildings built in stages and is currently used for warehousing and logistics operations as well as test operations for NKT. The Property is located directly adjacent to the E22 motorway about 10 minutes west of Karlskrona city centre.

The transaction is financed with bank loans and available funds.
